REGULATION

1. 2REINOS MTB RACE

1.1 It is a mountain Bike stage race that takes place in the region of Murcia. One of our goals is to get people know and enjoy our natural environment, historical places and beautiful landscapes. 2Reinos MTB Race is registered in the official calendar of the Federation of Cycling of the Region of Murcia as a sporting marathon bike event which will be held according to the UCI Cycling Sport Regulations, to the Technical Regulations of the RFEC and regulatory standards that are applicable. The race comprises one hill time trial stage and two marathon stages XCM.

1.2 2Kingdoms MTB Race takes place on October 12th, 13th and 14th, 2018. The race route snakes through paths, tracks, single tracks and roads of the Region of Murcia.

1.3 2Reinos MTB Race is organized by the cycling club MURCIA CHALLENGE in collaboration with the Cycling Federation of the Region of Murcia and the City Council of Murcia.

2. PARTICIPATION

2.1 Participation may be individual and by teams.

2.2 Participation in 2Reinos MTB Race, is open to athletes of any nationality as long as they meet the necessary requirements according to the regulations of the REAL SPANISH FEDERATION OF CYCLING (RFEC). Foreign participants who possess a bicycle license not processed by the RFEC must have a written authorization from their national federation, certifying that this insurance is valid in Spain. This document must be handed to the organization prior to the withdrawal of the bib number.

2.3 Anyone who is at least 18 years of age the day before the race, from any nationality, is admitted to the competition.

2.4 Participation is limited to 500 participants maximum per stage.

2.5 Each participant participates at his/her own risk and is supposed to have the minimum physical condition so to not jeopardize his/her own health. By applying the race, participants declare that they know the harsh race conditions that this race implies, which includes demanding climbs and technical descents. It is up to the participant to get off the bike and walk through these sections. The organization will not be responsible for the accidents due to the skills or lack of skill of the participant.

2.6 The organization may oblige any participant to retire from the race if it's considered that the racer does not have the adequate physical conditions or if he/she does not reach the

passing times through the check-points. If so, the organization will provide any transport means to take the racer to the starting point.

2.7 In the event that the participant decided to continue in the sports event, ignoring the indications of the organization, it will be under his/her own responsibility and out of race and of the different services offered by the organization.

2.8 Upon registration, the participants exempt the organization and the promoting party (MURCIA CHALLENGE sports club) of the physical or moral damages that they may suffer in the course of it or as a consequence of it.

2.9 The race does not have exclusive use of any public or private roads during the race. All regular traffic regulations must be observed at all times during the race. Indications given by authorized staff along the way must be followed. The route is open to the passage of people, animals and vehicles, so participants must keep aware to prevent damage to themselves, to the rest of the participants and/or to third parties. Participants will be the solely responsible for any imprudence. Promoters and organization will be exonerated of the expenses and damages derived from any economic, civic or criminal acts committed by any participant.

2.10 The Organizing Team has all image rights for the images of the event. By registering, every racer automatically authorizes the Organizing Team to use their name and image within this event for legitimate advertising purposes in all their media.

2.11. Every racer is supposed to have read and understood the Official Regulation of the race and to respect it. Lack of awareness doesn't exempt participants from complying with the rules. Prior to the withdrawal of the bib number, a signed disclaimer clause must be handed to the organization.

- OCTOBER the 14th, 2018: Third Stage 56KM ARCHENA/ SIERRA DE RICOTE 56KM

9.2 The organization is responsible for the signaling and control of the routes.

9.3 The route will be duly marked with ribbons and arrows in addition to the personal

support of volunteers. In places where no marks or signals are found, participants shall follow along the widest path. The organization will provide the track of the route in gpx and kml format, only few days before the race.

9.4 The organization reserves the right to change published routes, which may be altered, reduced or eliminated, as well as schedules and dates of completion if, due to weather conditions or other circumstances, it could not be carried out as planned. The changes would be announced as soon as possible and always having been previously agreed with the organizer and the technical committee of the test.

10. NEUTRALIZED START/ARRIVALS

10.1 The starts may be neutralized for security reasons. In this case a vehicle of the organization will lead the race until a set point.

10.2 Arrivals may also be neutralized for security reasons, if so, the time control point will be set at any point ahead the finish line considered appropriate by the organization, considering this point as end of career. The distance from there to the finish line will be mandatory and will have to be covered in a maximum time stipulated by the organization otherwise the racer will be disqualified.

11. TECHNICAL CONTROL OF THE RACE

11.1 The technical director of the race will be responsible for any technical issues and will be assisted by technical officers who will carry out number controls during the tour.

11.2 The test will be subject to the regulations of the Spanish Cycling Federation.

11.3 Partial timing controls will be placed in different points of the race.

11.4 The organization will establish a maximum time for the participants to pass through each step control that will be communicated previously and on the official website.

Knowledge of this condition is mandatory for each participant. Authorized technicians will be in charge of controlling times.

11.5 In the finish line area information times and classifications will be placed on information panels.

11.6 Each stage day, a route plan will be displayed with track details, altimetry, provisioning places, check points and all the information considered useful for participants. Full tracks of the race routes will be provided before the race.

12. COMPULSORY MATERIAL

12.1 All participants must wear the bib number and plate provided by the organization. The plate must be placed on the front of the bicycle and the number on the participant's back, both perfectly visible.

12.2 Likewise, the organization will provide a chip for time control which must always be placed where indicated by the organization.

12.3 The Organization will establish an area in the finish area where racers can return the chip after his participation. Loss or non-return of the chip will have a cost of 10€ for the participant.

12.4 The use of the rigid and approved helmet, which will be required, is mandatory and must be always fastened while the athlete is in contact with the bicycle.

12.5 For those participants who wear warm clothes in any of the stages, the organization does not foresee its collection nor supply the participant with this material.

12.6 It is necessary to carry a BASIC TOOL KIT for any setback that may arise during the race.

12.7 A perfectly functioning and full battery charged MOBILE TELEPHONE Participants must know the organization emergency number and provide the organization with an active mobile number that allow communication between them and the organization during the race.

12.8 Water and food.

12.9 GPS devices are not obligatory but are highly advisable in case of unforeseen circumstances that may arise during the test, and in case of the always undesirable fact of the elimination or modification of beacons and marks that unfortunately occur in many races for causes not attributable to the organization. The organization will facilitate the tracks of each stage to guarantee the follow-up of the correct route. For participants that are not in possession of a tracking device it will be understood that they know in advance the route, notwithstanding that it will be properly marked.

13. PARTICIPANTS

13.1 Participants will commit themselves to respect the rules of the competition, the regulation of the Spanish Cycling Federation, as well as to know the route of each segment. The organization will provide the necessary information to make it so.

13.2 Assistance and technical assistance from another participant or duly authorized personnel during the race is permitted. Participants cannot be accompanied by anyone not taking part in the competition. Any assistance from anyone out of the competition may lead to disqualification. Only duly authorized vehicles are allowed to follow the race.

13.3 In the starting area there will be a zone of control of material and signatures of obligatory compliance. Participants must show their licenses and/or their DNIs (identity document with photo to check the identity of the participant), as well as the numbers provided by the organization, without bend or manipulate.

13.4 For further removal of the material, it will also be necessary to present a license or DNI, which accredits and identifies the owner of the material.

13.5 Recovery zones with water, soft drinks and fruit will be available during and at the end of the race in the postmeta zone for all participants, where an area for massages will be enabled.

13.6 An identification bracelet will be given to participants to facilitate the access to the different services offered by the organization. This bracelet or sign should be shown in if requested by the volunteer staff and the organization, during the three days of this sport event.

14. DURING THE RACE

14.1 It is not mandatory but it is advisable to attend the briefing on Friday the 12th of October (a dossier will be sent the same week of the test, indicating the exact place).

14.2 The starts of each of the stages are carried out in a squad, except for the time trial mode. The time trial stage will start following the reverse order of the bib numbers, in the following order of categories:

FEMALES: Master 60-50-40-30 Couples; MALE: Master 60-50-40-30; sub23; Elites and Absolutes.

14.3 Signature control will take place from 1 hour to 20 minutes before departure

14.4 The starting grid opens 30 minutes before the start, with different starting grills based on the general classification.

14.5 The starting order of the second stage will be established in three boxes according

to general classification, so that the first box will include the top 10 men and the first 10 female of the elite or absolute category and the first three of the category Individual Fire Force. A second box will include the first three couples. The rest of participants of the general classification make up the third starting box.

14.6 Access to the starting grid will be permitted up to five minutes before the starting time. Participants arriving after this time will be included in the last box.

14.7 Should for security reasons the starts be neutralized, participants will follow the safety vehicle and the technical director to the starting point.

14.8 Couples must complete the entire course together, the distance between both participants shall not exceed 2 minutes time during the race.

14.9 Passing through the official checkpoints is mandatory.

14.10 An intermediate control closing point is set. Participants must pass through this checkpoint within the closing time that will be previously established by the technical organization. Racers failing to do so, will be equivalent to a "partial withdrawal" racer.

15. CIVICS

15.1 By registering participants accept each of the articles of this regulation.

15.2 They commit themselves not to anticipate the starting time and complete the designated route and distance of all stages without taking any shortcuts.

15.3 Participants must be respectful with the personnel involved in the organization, as well as with the rest of participants and spectators.

15.4 In order to contribute to a minimum environmental impact, participants shall refrain from throwing any food or other food packaging on the ground during the course. Failing to follow this may lead to a disqualification.

15.5 Failure to comply with any of these civic rules may lead to warnings and/or disqualification by the members of the Organization.

16. PROTESTS AND CLAIMS

According to the regulations of the Spanish Cycling Federation, any participant or technician of any of the registered clubs may protest about the provisional results or sanctions applied by the organizers. The race is subject to the Spanish Cycling Federation rules.

Claims will be presented in writing to the Organizing Committee at the Participant's Office and shall be resolved in accordance with the rules of the sports event.

The organization declines any liability for damages that racers may cause to themselves or to any participant.

17. DISQUALIFICATIONS

Participants failing to comply with the following rules may be proposed to be disqualified.

- Not wearing an officially approved helmet, or wearing it not secured.
- Not wearing the bib number and/or enter the finish area without it.
- Participating with a bib number awarded to another runner
- Change the predetermined route.
- Manifest unsportsmanlike behavior and contrary to this regulation.
- Throwing or leaving waste/food/drink/bottles along the route.

All racers are expected to show good sportsmanship and must not use offensive or abusive language during the race, act in an unsporting manner, be disrespectful to the officials or ignore the race regulations.

18. WITHDRAWAL

Withdrawal must be immediately communicated to the organization on the provided emergency telephone number. The organization may claim the expenses of search or rescue caused by not informing on time.

Enrolling 2Kingdoms MTB Race implies acceptance and compliance with this regulation.

It also implies the acceptance of the DATA PROTECTION ACT and the cancellation policy.
